INVINCIBLE IRON MAN VOL. 1 HC

Written by MATT FRACTION
Penciled by SALVADOR LARROCA
Cover by SALVADOR LARROCA

Iron Man 2.0 is here — and Tony Stark isn't the one who made him! Ezekiel Stane is on the scene and fixated on avenging the death of his father, Obadiah. Every bit as ruthless and ten times as smart, the younger Stane is all five of Stark's nightmares rolled into one — and his perversion of Stark's technology into a weapon capable of slaying hundreds of innocents at a time starts the clock ticking on a chess game Iron Man must win! Then, the manhunt is on! As director of S.H.I.E.L.D., Tony Stark had sole possession of a database that contained the secret identities of every registered hero in the country. But now, S.H.I.E.L.D. is no more. A casualty in the aftermath of the Skrull's Secret Invasion, the international peacekeeping organization has been replaced by the Dark Reign of Norman Osborn and his newly conceived H.A.M.M.E.R. — a less kind, decidedly less gentle remaking of the legendary security force founded by Nick Fury. With Tony Stark in disgrace and on the run, the orders have come down from the highest level to every mercenary, mobster and Osborn minion: "Bring me the head of Tony Stark!" Collecting INVINCIBLE IRON MAN #1-19.

Covers by JACK KIRBY & DEAN WHITE

As America began preparation for the inevitable entry in World War II, a secret military project gave birth to the greatest one-man fighting force ever known—Captain America! Transformed by the Super Soldier Serum from a 97-pound weakling into the Star-Spangled Avenger, Steve Rogers led the charge to liberate the world from the Axis powers' grasp. But before the war's end an accident left Cap frozen in suspended animation and his sidekick Bucky dead, while the world turned on for decades. When the Avengers finally resuscitated him, Steve Rogers was greeted by a world vastly changed. He was a man out of time tormented by the death of his partner, but no less committed to the cause of fighting evil in all its forms. In this inaugural Silver Age Captain America collection, Stan Lee and Jack Kirby bring you the rebirth of an American icon in issue after issue of classic Marvel magic. Extreme times call for extreme measures. They are the X-Men's special black-ops strike team, created to go places and do things the regular squad can't or won't. The members? The best trackers and killers the X-Men have to offer: Wolverine, X-23, Warpath and Wolfsbane. Their name? X-Force. But the team's plan is thrown into disarray when the Purifiers get their hands on Wolfsbane. X-Force must make moves to rescue their teammate and put down the Purifiers permanently. Then, the squad is catapulted into action when the lethal Legacy Virus goes missing, threatening the lives of every mutant on the planet. Wolverine and the young X-23 must attempt to hold the team together as the brutal, damaged histories of Wolfsbane and Archangel threaten to tear everything apart, starting with each other.
